Discussion Regarding Proposed Statutory Revisions and Input from Stakeholders

The Board voiced their optimism that the Office of Management and Budget will present a proposal during the June Legislative Committee Meeting.

Mr. Mangler addressed the Board regarding the proposed statutory revisions. He reported that he met with the Office of Management and Budget, who determined that 30 job titles would be affected by the proposal as it is currently written. Mr. Mangler advised the Board that he expressed his concern to OMB regarding the availability of seats and admittance to graduate programs, as it will be a significant undertaking to fill the void.

Ms. Malloy suggested that if a person is grandfathered, that they would have to take the national exam.

Mr. Mangler states that OMB is concerned about the 5 year exception period, are there going to be enough individuals to fill the void.

Ms. Scott Cobb stated that Delaware State University (DSU) should not be discounted; the State should interface with DSU, and create a plan.

Mr. Mangler requested some time to work with OMB, as the amount of time to mathematically determine how many years it would take to fill such vacancies, and to make sure that there are enough resources to continue to meet the needs of Delaware.

Ms. Scott – Cobb stated that the State has to be more vigilant when it comes to contracts, in regard to offering educational assistance and the individuals working for the State for a specific amount of time, instead of providing monetary assistance and letting the employees leave State service prior to their contract ending.
